Providing prestige in professional land planning and design."

West Virginia National Road CMP, Scenic Assessment

Hays LAS provided The National Road Alliance of West Virginia, Inc. with a Scenic Assessment and recommendations plan which was included in their Corridor Management Plan (CMP) for the National Road's designation as an ALL AMERICAN ROAD.

Principal Gabe Hays evaluated the route's scenic strengths and challenges and offered strategies for tourism opportunities.

Within West Virginia's short span of "The Old Pike" is a broad width of scenic situations and issues such as small pike towns, rural vernacular, historic neighborhoods, residential and commercial sprawl, and the historic urban areas of Wheeling. At the end of the project, Hays LAS recommended potential projects for TEA 21 funding.
