

*Providing prestige in professional land planning and design."*

## **Olney Friends School** Barnesville, Ohio

**Services:**  
Master Planning  
Construction Documents

**Role:** Sub Consultant

**Project Size:** 15 acres

**Project Cost:** NA

The Olney Friends School provides an intellectually challenging college preparatory program in a supportive Friends community that promotes traditional Quaker values.

Since 2002, Hays LAS has been involved with the school's planning and development. In spring of 2008, Hays LAS along with Heritage Architects developed a full master plan that addresses pedestrian and vehicular circulation, parking and new site entities including an Activity Center, while embracing the holistic and self-sustaining character of the school.

With enthusiastic approval from the School Administration of the Master Plan, Hays LAS has continued with site development and construction documentation for future developmental phases.
