Providing prestige in professional land planning and design."

DeFilippo Residence

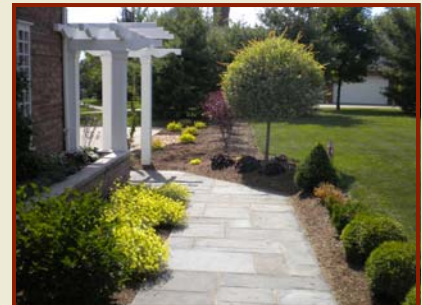

St. Clairsville, OH

Services:
Pool Design
Patio/Wall/
Pergola Design
Planting Plan
Drainage/Soil Plan

Role: Prime

Project Size: 1 acres

Project Cost: \$300,000

The DeFilippo residence project included a master plan for formal gardens. The gardens balanced the swimming pool, creating privacy, passive space, and a graceful entry to their property.

The design tied the gardens to the house by using the same brick from their home onto the site's garden walls with New York bluestone creating a cool contrast to the salmon brick.

Details include:

- Wrought Iron
- Tuscan Columns
- Cedar Pergolas
- Classic Statuary
- Formal Pool
- Arbor
- Hedges
- Formal Garden
